NEXT PAGE CONTAINS THE FOLLOWING MESSAGE: “In my enumeration district which embraces the Town Plot of New Carlisle, I have to report that the main or principal street in this town is in excellent condition, many repairs having been made on various parts of it during the summer of 1860, under the Statute Labour Act.

The settlers in rear of New Carlisle suffer great inconvenience from having no practicable road and being few in numbers, on that account are unable to undertake the labour of opening them up - the centre of Park Lot has been opened up but is very far from being practicable - parts thereof requiring greater outlay than they, even with the assistance of the proprietors along the street, can possibly afford, the want of which is incalculably felt by them as well as the inhabitants of the Town - deterring as it does the number of persons from settling themselves and families in rear of the Lake and proving a source of great inconvenience to the inhabitants who can obtain no fuel except in time of frost and snow.

In reporting upon the public buildings of the Town of New Carlisle I may observe that the Court House and Jail, although commodious, are not in any way adequate for the requirements. The Jailer’s apartments, although comfortable, are very small and much inconvenience is every experienced by the family who reside therein. The Court Room is large and spacious but no accommodation is afforded for the gentlemen of the Bar, the Sheriff and other Officers of the Court. I have been given to understand that the building cost about \$14,000.00.

The Town Hall - a brick building - has just been completed. In it is the Registry Office, a very fine iron safe has been constructed fully in every respect for the requirements and cost about \$1,400.00.

There are two Churches here - the one Episcopal with a congregation of about 300, the other Church of Scotland having a congregation of 150. The cost of both Churches about \$3,200.00. Both buildings are wood.

The Schoolhouse is also of wood and was built by the inhabitants and have valued the building at about \$400.00, a just cost. The schoolroom will contain at least 70 children. The teacher’s apartments however are very much confined and not at all suited for a family. The building is fast going to decay.

I am sorry to report that education has been much neglected and too much blame cannot be matched to the School Commissioners for their neglect in this great cause.

Signed::: Richard A. McCoubrey
Census Enumerator - District No. 2

One line note added under Mr. McCoubrey’s signature, stating:

“Mr. McCoubrey is a disappointed teacher” - signed by E. Martel
