

1861 CENSUS - TOWNSHIP OF RISTIGOUCHE

BONAVENTURE COUNTY

LETTER WRITTEN BY ENUMERATOR (at beginning of Section)

Sir:

I beg leave to report to you more fully than the census sheets will convey to you, the state of the Township of Ristigouche. In the first place I would observe that it is much to be regretted for the credit of the Township, by point of agriculture, that the census were taken in the present year. As the crops in general a failure, and fell far short of the average quantity, owing to the extensive drought of the past summer. In the hay crop there were a very great falling off generally: and the grain and root crops suffered from the same cause. This caused a very large disposal of stock the last fall. You will observe that the present personal census does not over-run the previous taking to that extent, that might have been expected owing to some 15 or 16 families having removed out of the Township since 1850. The causes of their removal are various. Some to distant countries but chiefly owing to the lack of roads. No emigration has taken place to this Township, although a magnificent (.....) facts offering for such, land being of the richest sort for agricultural purposes. There are but two school houses in the Township capable of holding some 50 or 60 scholars each. There are no place of worship, the school house being used for such occasionally.

I regret to hear that the Township of Matapedia has feel (sic) short in numbers from the previous taking of the census. I have no hesitation in stating that a great cause of this is owing to the culpable neglect of the enumerator, he having to my certain knowledge, failed to take correctly the agricultural or personal census. I have drawn a rough plan or sketch of the Township on the back of this report, tracing (....), roads, boundaries etc. etc.

Hoping that all will be satisfactory to you, I have the honor of being your

Your very Humble Servant

A. Fraser - Census Enumerator for the Township of Ristigouche

27th February 1861

“Township of Ristigouche is bounded on the east by the Township of Mann, in front by the River Ristigouche, on the west by the River Matapedia and in rear by vacant Crown Land.”

NOTE: “No accounts kept in the regular way, the proprietor being unable to do anything further than hazard a guess, which he declined to do. The grist mill is a splendid piece of machinery and, if constantly employed, I should say would at least manufacture betwixt 6,000 or 7,000 bushels of grain yearly - having free run of stones. The sawmill is single, but what is called a smart mill of its kind, capable of cutting 6,000 feet of lumber in 24 hours.”
